DETAILED ACTION

Continued Examination Under 37 CFR 1.114

Receipt is acknowledged of a request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e) and a submission, filed on November 5, 2007. The submission, however, is not fully responsive to the prior Office action because:

Newly submitted claims 1-3, 5, 7-8, 18, and 79-126 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

The claims, as previously examined, were directed toward the simultaneous transmission and display of more than one video signal captured by more than one video camera. The newly amended/added claims are independent and distinct from the claims as previously claimed, in that the simultaneous transmission and display has been removed and are now directed toward encryption/decryption of wirelessly transmitted video signals:

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-3, 5, 7-8, 18, and 79-126 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Additionally, MPEP § 706.07(h) states that "Applicants cannot file an RCE to obtain continued examination on the basis of claims that are independent and distinct from the claims previously claimed and examined as a matter of right (i.e., applicant cannot switch inventions). See 37 CFR 1.145. Any newly submitted claims that are directed to an invention that is independent and distinct from the invention previously claimed will be withdrawn from consideration and not entered."

Since the submission appears to be a *bona fide* attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period for reply supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a).
